Bargello Flame in Batiks of aqua, teal, blue, and creams

A very striking Bargello design with extra brilliant Batik style 100 % cotton teal to aqua to blue and cream prints selected by C Jean Horst. Note the care taken with the complicated piecing, and the fantastic border fabrics. Both pieced and quilted by an Amish friend and signed and managed by C Jean Horst who designed and selected the fabrics and supplied an accurate pattern for sewing as well as oversaw the steps through the project.

The back of the quilt is covered with a 100% quilters cotton in a beautiful multi print that blends with colors of the quilt. (photo shows the backing which could make this quilt reversible – its beautiful) The quilting density is excellent.

The hand quilting is great at 8 stitches per inch.
The back corner tag documents the name of the quilt, the maker and fabric content as well as a comment about being made in the USA. Fabulous and outstanding in color! A brilliant combination!
