

Color Splash

A Knock-out! Gorgeous fabric selection and precise piecework. This design (sometimes also called "Sunshine and Shadow", or "Trip Around the World") is one today's most frequently made patchwork designs because it allows Lancaster's quilt designers to show-off their ability to carefully combine many fabrics. This quilt's 24 coordinated fabrics were selected by C Jean Horst. It deserves an "A". The quilt is signed and dated.

Quilt ID: hs1104
