

Floral Color Splash Quilt

The Color Splash (also often call Trip Around the World) design gives the quilt designer to work with a huge palette of colors and fabrics. C Jean Horst (Lancaster County's renowned quilt designer) created this masterpiece. It gracefully combines the satisfying colors found in a late summer flower garden. Be sure to take a close look at the border fabrics. This quilt was very well quilted by an Amish woman. Signed and dated. This quilt is symmetric and may be used sideways on a king size bed.
