

Log Cabin Simplicity Queen Size

A beautiful and fresh change for a log cabin quilt! Here Jean has used her batiks in blues and paprikas to make a striking but simple log cabin, which is why she calls it Simplicity. She has made a common quilt very unique with her choice of batiks. While each patch is unique, all blocks are working together beautifully to show off an awesome collection of cotton batiks. She also has a documentation tag on the back corner which gives the name of the quilt, the maker, the location, the date, and the fabric content as well as a note "made in the USA."

Quilt ID: hs6640
