

Twisted Bargello

This Twisted Bargello is one of C Jean Horst's many carefully selected palette of fabrics. This quilt makes any bed a spectacular view of 20 different 100% cotton print fabrics that work well together like a charm. Imagine piecing this pattern. It is one of those "think twice and cut once" kind of quilt patterns. Magnificent while charming and appealing to the eye. We love this look over the pillow throw also. Just a beauty!
