
Nine Patch Charm King size ivory/gray/touch of pink

This is a brand new quilt arranged by C Jean Horst that is so exquisite with its hundreds of yards of hand quilting thread. It is exceptionally heavily hand quilted with feathers – large and small, and also a charming and beautiful heavily quilted border design. The cream background, even though it is a tiny tone on tone 100% quilter’s cotton print, shows up all the stitches and designs so nicely. While being a traditional patchwork pattern, Jean has transformed it into an heirloom quality quilt due to the exceptional yardage of hand quilting displayed.
